Positively Different

Expertise, empathy and ethics

Bellevue Law is a leading boutique law firm specialising in workplace law and commercial disputes.

The firm was founded to provide a genuine alternative to traditional law firms - for our people and our clients alike. By creating a supportive, friendly and flexible working environment, we have built a team of exceptional workplace and commercial disputes lawyers, offering our clients the highest standards of legal advice and representation, delivered with empathy and care.

Our clients include multinational corporations, professional and financial services firms, privately owned businesses and tech challengers, as well as entrepreneurs, senior executives and partners.

A commitment to business ethics, people and sustainability runs through everything we do as a firm, and we are proud to be a certified B Corp.

The skill set and experience of these senior lawyers. Punching above their weight whilst driving ethical change.

LEGAL 500

Workplace Law + Dispute Resolution

We have one of the largest teams of partner-level employment and partnership lawyers in the UK, advising senior executives, partners, corporate clients and professional service firms on a wide range of workplace legal issues. And our dispute resolution team combines backgrounds in leading global law firms with an individually tailored and pragmatic approach.

Our clients - both individuals and business leaders - often seek our support when facing significant and difficult challenges. They tell us not only that they appreciate the strength of our technical and strategic advice, but also that they feel heard, understood and supported by our team.

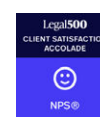

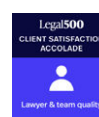

Since we started our annual client survey in 2018, clients have always rated us at over 9/10 on average when asked how likely they are to recommend us to a friend or colleague, and in November 2025 our Net Promoter Score was 91/100.

In 2026 we were pleased to secure Client Satisfaction accolades in the Lawyer & Team Quality, Billing Efficiency and Net Promoter Score (NPS®) categories.

Bellevue represents an extremely compelling value proposition: they are a team of highly trained lawyers who deliver all that the Magic Circle does in terms of expertise, judgement, client handling skills but at a fraction of the cost. Their success is richly deserved.
